Dear Business Owner,

As of July 12, 2014 the City's Temporary Sign Ordinance has changed. Private business owners can now put temporary signs on their own property with no registration fee as long as they are registered in accordance with the Sign Ordinance.

Temporary signs that are placed on City property need to be registered with the City. There is no registration charge.

If this applies to your business:

1. Please fill out the attached form.
2. Submit a picture via e-mail to the e-mail address listed on the form.
3. Draw a simple drawing showing where the sign is located in relation to the street, business, or landmark can be drawn on the back of the form.
4. Submit a copy of insurance listing the City as additionally insured.
5. If changes are made please update registration with the City.

Thank you,

Robin Crowther
Planning Director
