CDC Identifies Additional COVID-19 Symptoms

Page, AZ (April 27, 2020) – The Centers for Disease Control and Prevention (CDC) have added several new symptoms to its existing list of symptoms for COVID-19, which included fever, cough, shortness of breath or difficulty breathing. The CDC has added 6 additional conditions that may come with the disease: chills, repeated shaking with chills, muscle pain, headache, sore throat and new loss of taste or smell. For more information, including access to the CDC “Self Checker” tool, visit <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>.
