BID AWARDS
Discussion and possible action by the City Council pertaining to an award of bid for a Zoning Code and Zoning Map Update for the Community Development Department
At the November 18, 2015 Regular City Council Meeting, Council authorized the Planning and Zoning Commission to solicit proposals for professional zoning services to update the Zoning Ordinance and Zoning Map.

There were a total of seven (7) Request for Proposals (RFP) received and opened on January 21, 2016 at 4:30 p.m. There were six (6) proposals scored and tabulated and one (1) proposal was eliminated, due to an unreasonable project budget. The references were checked for the top two scoring firms.

After reviewing and scoring the proposals, the Planning and Zoning Commission came to a consensus to recommend Michael Baker International, based in Phoenix, who had an average score of 84 of 100 points and a budget of $59,901.00. The second highest scoring firm was Weaver Planning, based in Minnesota with Arizona subcontractors, who had an average score of 77 out of 100 points and a budget of $39,885.00.

At the March 1, 2016 Planning & Zoning Commission Meeting, the Commission voted to recommend to the City Council to authorize Staff to enter into a professional services agreement with Michael Baker International for professional zoning services.

Community Development Director Kim Johnson gave an overview of the steps that have led up to this point in the process, and stated that $40,000 is in the FY 15/16 budget for this project.

Councilor Warner asked if this project would cross into the next budget cycle. Kim Johnson stated that the project could take from 12 to 18 months to complete and that the remaining $19,901 would be appropriated out of the FY 16/17 budget.
Motion made by Councilor Warner to authorize Staff to enter into a professional services agreement with Michael Baker International, with a not to exceed budget of $59,901.00 for professional zoning services to update the Zoning Ordinance and Zoning map. The motion was duly seconded and passed upon a vote.

BOARDS & COMMISSIONS
Discussion by the City Council pertaining to reports by Board Liaisons
Councilor Tappan, Community Center Board, stated that the board had met the night before and there is concern about the condition of the parking lot at the Community Center; there are large holes and curled up asphalt that make walking unsafe. He asked that this be remembered during this upcoming budget season.

Councilor Warner, Parks and Recreation Advisory Board, stated that the kick off meeting for the parks Master Plan garnered a large turnout. He relayed that there was great enthusiasm and interest about the planning process, and encouraged participation. He stated that there is a website where people can provide input.

City Manager Crystal Dyches pointed out that the related website would be available online soon, and be in the new City Newsletter that will be sent out the following week. There will also be two additional community meetings scheduled for May 2, 2016 and July 11, 2016.

Discussion and possible action by the City Council pertaining to an appointment to the Page Community Development Advisory Board
Motion made by Councilor Tappan to appoint Nate Marble to the Page Community Development Advisory Board with a term ending June 2016. The motion was duly seconded and passed upon a vote.

PAGE PARKS AND RECREATION ADVISORY BOARD
REGULAR MEETING MINUTES
MONDAY, JANUARY 4, 2016

A Regular Meeting of the Page Parks and Recreation Advisory Board was held at 5:30 p.m. on January 4, 2016 in the Council Chambers at City Hall in Page, Arizona. Vice Chair Angie Crim presided.

1. CALL TO ORDER
Vice Chair Angie Crim called the meeting to order at 5:35 p.m.

2. ROLL CALL
Susan Pilkington, Angie Crim, Mandi Lotze, Steve Mongrain and Mike Woods were present. Brian Carey was absent. City Council Liaison, Dugan Warner was present.

Staff members present: Community Development Director, Kim Johnson, Planning and Zoning Director, Robin Crowther.

3. MINUTES
   Special Meeting December 10, 2015

Steve Mongrain questioned if the board is moving ahead with trail signage and if using the signs to reference other areas in the city had been discussed more. Kim Johnson said this isn’t part of this design maybe in the future.

Motion made by Susan Pilkington to approve the minutes. The motion was duly seconded by Mandi Lotz and passed upon a unanimous vote.

4. HEAR FROM THE CITIZENS
   None

5. UNFINISHED BUSINESS
   (A) Discussion/Possible Action-Park Master Plan Request for Proposals

Kim Johnson said the Board was provided with the proposals in December to be reviewed and rated by the subcommittee. The proposals scoring the highest were Landmark design and Planet.

Kim Johnson stated that Landmark has good references and also has a good record of getting rehired. Landmark had provided a range of costs depending on the scope of work.

Planets’ references also spoke highly of the company and they would also rehire. Kim Johnson said the only negative thing about Planet was attention to details as there were a lot of typos in their work. Planet was ahead in reference points but taking points off for details would bring the two closer together.

Planet didn’t offer a survey so it would probably be more money if the board wants a survey done. Steve Mongrain thought Planet did a lot with the internet in lieu of a survey.

Angie Crim asked about time lines and Planet did not submit a time line. Landmarks time line was July and they do not have projects in Arizona. Planet has worked with City of Flagstaff.

Angie Crim said that typos aren’t such a big deal. Kim Johnson said it can be an issue if they can’t write a sentence. Susan Pilkington stated that typos could be due to cut and paste
Parks and Recreation Regular Meeting-January 4, 2016

preparation. Kim Johnson stated that the reference said the quality of the project from Planet was excellent but it was little things like typos.

Mike Woods said if a survey is important then it may be concerning if Planet doesn’t offer it. Susan Pilkington thought Planet had creative ways to get ideas other than a survey. Angie Crim asked if we are required to do a survey. Kim Johnson said we will get community input. Kim Johnson said Planet does use the internet more to get public input. Angie Crim asked if a survey could be handed out at public places to locals. Dugan Warner said the problem with any survey is not getting all input. Mandi Lotz asked if we can do things as a board to get input. Kim Johnson said we can discuss options with the business chosen.

Steve Mongrain thinks Planet is economically driven; they have an understanding of 3 million visitors a year to Page and knowledge of the Navajo people. Angie Crim said the creativity of Planet is worth more than worrying about typos.

Steve Mongrain asked who the project manager is and Kim Johnson said she would be and have input from Debbie Winlock.

Motion made by Angie Crim to hire Planet for the Park Master Plan to move forward. The motion was duly seconded by Steve Mongrain and passed upon a unanimous vote.

**BACKGROUND:** At the January 27, 2016 City Council Work Session, representatives of the National Park Service presented options for making improvements to Horseshoe Bend. Billy Shott, Superintendent of the Glen Canyon National Recreation Area summarized three options as follows:

1. Do nothing - wait and see if the Centennial Grant is approved.
2. Do some pre-work - implement a plan agreement with information such as how wide the trail should be, how many tourists to accommodate, etcetera.
3. Preferred option - start by getting design work done, in-house or hired out, enter into an agreement, and split the cost for the design work.

Since that time, Mr. Shott has informed me that the Centennial Grant funding is not an option for improvements made to non-park service property; but has identified other possible funding options. Mr. Shott has drafted a request for Council Consideration to:

1) Collaborate to find a park/landscape design group which through contract could develop a top shelf design plan for the Horseshoe Bend area.

2) Form an agreement and implementation/development team. The agreement need not represent a long term or binding obligation. Rather, it will commit our organizations to identifying roles, responsibilities, and individuals who will represent the City and NPS in determining contract scope and specifications with the design group while managing the project collaboratively.

3) Implement improvements at Horseshoe Bend through each organization’s means. Using the resources available to each of us to complete the project to the agreed design can take place at a pace which is advantageous to each organization.

Representatives from the City met with Mr. Shott on Tuesday to discuss the request, and are planning to meet with NPS staff members, including the Truda Peters, Realty Specialist & Right-of-Way Coordinator on Wednesday, prior to the City Council Meeting.

**RECOMMENDATION:** Motion to authorize the City Manager to work with National Park Service Staff to develop an Intergovernmental Agreement for the project and an RFP for design services for future City Council consideration.

IN REPLY REFER TO

March 7, 2016

To City of Page,

On behalf of the National Park Service (NPS) and the Glen Canyon NRA thank you for allowing us to present and discuss the future potential development of the Horseshoe Bend Trail at the February City Council meeting. Horseshoe Bend, both the river stretch and the canyon rim viewing access are important resources to the park, community and visiting public. Due to the features growing popularity and increased visitation the NPS feels it is urgent to make improvements at the site to address natural resource damage and public safety concerns. At your planning meeting I was not surprised to hear that the City of Page has similar concerns. Current traffic flow and parking design conditions will present future public safety issues and I understand the Council also recognizes the importance of having a well-designed access plan for the landscape which strikes the right balance between development and aesthetic.

We feel that our primary objective was met at the City Council meeting which was to re-establish each organization’s commitment to address these issues as partners. To assist in this direction I presented a preferred option which we believe is low risk, equitable and strategic. To briefly recap this option it includes:

1) Collaborate to find a park/landscape design group which through contract could develop a top shelf design plan for the Horseshoe Bend area. This design plan includes:

   A) A comprehensive scope; including the parking lot, trail features and route, viewing features, and infrastructure which meet our shared standards and vision.

   B) Design beyond concept. A design plan that is detailed and specific enough that it could be turned over to any construction entity so that it could be built to specification over time, independently, without significant oversight.

   C) Identified options for future development. By taking advantage of this collaboration we can determine a shared vision regarding potential future development such as increased visitor services, use features, and trail development.

   D) Procurement with City of Page funds and NPS non appropriated funds equally. It is important to the NPS that the contract with the design group is through the city. This strategic approach not only simplifies the agreement but we believe is also a more efficient way to obtain a contract while also opening up additional funding sources for construction and maintenance.

2) Form an agreement and implementation/development team. The agreement need not represent a long term or binding obligation. Rather, it will commit our organizations to identifying roles, responsibilities, and individuals who will represent the City and NPS in determining contract scope and specifications with the design group while managing the project collaboratively.
3) Finally, implement improvements at Horseshoe Bend through each organization’s means. Using the resources available to each of us to complete the project to the agreed design can take place at a pace which is advantageous to each organization.

We are currently exploring resources which may assist us in pursuit of this option such as agreement facilitators and partnership liaisons. I also understand the city is currently working on a broad park and recreation development plan in which this project could be a portion of. In addition, to assist in answering the board’s questions regarding land leases/sales.swaps I have invited our agencies Land Specialist to visit Page later this month.

Horseshoe Bend is a high priority for the NPS; both as a spectacular landscape and in terms of improvement projects. I know Horseshoe Bend is also important to the City of Page and I am excited that both of our organizations could re-affirm our shared interests in management of the area. I sincerely hope we can take advantage of this interest and through this proposed option or approach we can protect Horseshoe Bend for the enjoyment and future benefit of visitors and local community.

Sincerely,

William Shott

A Work Session Meeting of the Page City Council was held at 5:00 p.m. on January 27, 2016, in the Council Chambers at City Hall in Page, Arizona. Mayor Bill Diak presided. Vice Mayor John Kocjan, Councilors Mike Bryan, Levi Tappan, Korey Seyler, and Dennis Warner were present. Councilor Scott Sadler was excused.

Mayor Diak called the meeting to order.

Staff members present: City Manager, J. Crystal Dyches; City Attorney, Joe Estes; Community Development Director, Kim Johnson; Public Works Director, Cliff Linker; Deputy City Clerk, Sue Kennedy; and City Clerk, Kim Larson.

Mayor Diak introduced City staff present.

Glen Canyon National Park Service employees were present at the Work Session to discuss Horseshoe Bend. Park Superintendent William (Billy) Shott introduced himself and asked the following to introduced themselves: Acting Deputy Superintendent, Lindy Mihata; Chief of Facilities, Chris Cook; Chief of Administration, Business and Technology, Chad Nelson; Acting Chief of Science and Resource Management, John Spence; Assistant Superintendent, Teri Tucker; Chief of Interpretation and Education in Parks, Christianna Admiral; and Acting Chief Ranger, Mari Sias.

Discussion only by the City Council pertaining to the Horseshoe Bend Parking Lot
Community Development Director Kim Johnson stated that she was looking for interim recommendations to remedy the safety concerns at Horseshoe Bend. She then reviewed the Community Development Department Memorandum dated January 27, 2016 (attached hereto and by this reference made a part of herein).

There was discussion. The consensus was made after discussion with the Park Service regarding the Centennial Grant for Horseshoe Bend.

The consensus of City Council was to have the Park Service review the conceptual plan, as soon as possible, to verify the interim solution would not conflict with the long-range plans.

Discussion only by the City Council pertaining to a presentation by the National Park Service regarding the Centennial Grant for Horseshoe Bend
Park Service Superintendent William Shott said the primary objection was to partner with the City of Page and to come up with strategies to move forward and create long-term planning for Horseshoe Bend.

Christianna Admiral gave a brief background about the Centennial Grant. The Centennial Grant is for the 100th birthday of the National Park Service, which is August 25, 2016. As part of the mission for the Centennial Grant, the Park Service is to connect with partners to find ways to serve a century of visitors together, and partnership funding is available for special projects through the Centennial Grant.
Ms. Admiral reviewed the amount of visitors going to Horseshoe Bend and the improvements that were needed, along with the safety concerns.

Teri Tucker spoke regarding the plans to improve Horseshoe Bend and how to move forward. She stated that combining the Rim View Trail and Horseshoe Bend was included in the 2009 Trail Design Proposal.

Superintendent Shott discussed funding options. He said there was one of two options available, the Centennial Funding requiring partner matching funds, and the other option through the Helium Act.

He said there have already been two Centennial proposals funded and he heard that the Centennial Grant application for Horseshoe Bend scored high, however he was still waiting to hear if it was approved.

Mr. Shott gave three options regarding how to move forward as follows:
1. Do nothing - wait and see if the Centennial Grant is approved.
2. Do some pre-work - implement a plan agreement with information such as how wide the trail should be, how many tourists to accommodate, etcetera.
3. Preferred option - start by getting design work done, in-house or hired out, enter into an agreement, and split the cost for the design work.

There was lengthy discussion.

Gary Ladd, Page resident, stated concerns regarding the size of the parking lot and that it needed to be enlarged as soon as possible. He also stated concerns that the proposed parking lot plans were not large enough to accommodate the amount of traffic at Horseshoe Bend.

The consensus of the City Council was to have Staff work with the Glen Canyon National Park Service toward option 3.

There was discussion pertaining to an Intergovernmental Agreement being prepared for option 3.

The meeting was adjourned at 6:30 p.m.
