CITY OF PAGE FIRE DEPARTMENT

Jeff Reed, Fire Chief

MEMORANDUM

DATE: September 22, 2016

TO: Mayor William Diak
Page City Council Members

FROM: Jeff Reed, Fire Chief *JR*

SUBJECT: Out of Town Response and Staffing

Page Fire Department frequently responds to out of city calls that require significant manpower and apparatus. In addition to the out of town responses we have a substantial number of overlapping calls that also limit our resources. During these periods of time we are in a vulnerable position with the ability to respond to incidents within our city limits.

Our current staffing level is 5 employees per day with a minimum of 4. State protocols require a minimum of 2 certified EMT's in an ambulance for 911 responses. Therefore 2 ordinary EMS calls can deplete our staffing level. 1 motor vehicle accident on the highway can consume our entire staff and apparatus leaving the City of Page exposed.

We are currently meeting with Navajo EMS to help reduce our calls on the reservation. We are considering an MOU; this is still in the discussion phase.

The objective of the meeting is to inform Council of our situation and discuss the direction they desire. It is our goal to minimize the risk of exposure to the City of Page while continuing to provide service to the outlying area.

Attached you'll find statistics indicating the amount of times these incidents occur. All data provided is for the current calendar year.
