The Page Public Library has found a fun and unique way to keep our community connected during this time of social distancing – through the magic of books! Readers of all ages have been taking part in **Books Running Wild**, a library scavenger hunt that gives clues for patrons to discover books that have been hidden all over the city.

Close to 50 “book-finders” have embarked on this quest in search of written treasure, and many have shared photos of their victories. On behalf of the City of Page, a big thank you to the Page Public Library for keeping our readers engaged despite the times, and for continuing to be the pathway to the adventure of reading!

Quotes from our successful “book-finders”:

- “Our library is the best, thank you for such a great activity.” (Adult)
- “We can always count on you to provide a fun activity for our kids.” (Adult)
- “Thank you I had fun looking for my book.” (Teen)
