The plan shall include a plant list, indicating the size, quantity, and name, both botanical and common, of all plant materials to be used.

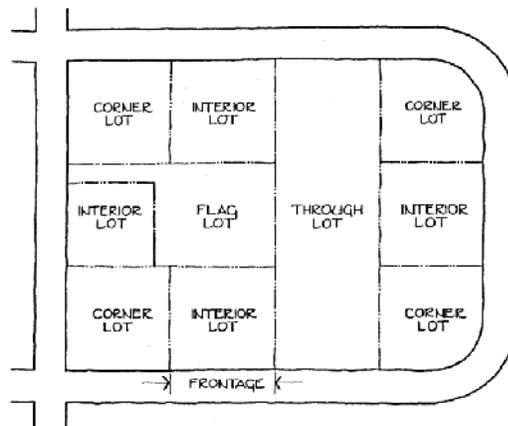

Livestock -- Cattle, horses, sheep, goats, fowl and other similar domestic animals, excluding dogs and cats.

Lot -- Land occupied or to be occupied by a building and its accessory buildings or by group dwellings and their accessory buildings, together with required open spaces, and having its principal frontage on a public street or public way or on a private right-of-way or easement. Lot means the land designated as a separate and distinct parcel of land on a legally recorded subdivision plat or in a legally recorded deed filed among the land records of Coconino County.

Lot Area, Net -- The total horizontal area included within the rear, side, and front lot lines of the lot, excluding any streets or highways, whether dedicated or not dedicated to public use, but including off-street automobile parking areas, easements and other accessory uses.

Lot, Corner -- A lot abutting two or more streets at their intersections (See *Figure 10-3*).

**FIGURE 10-3
LOTS**

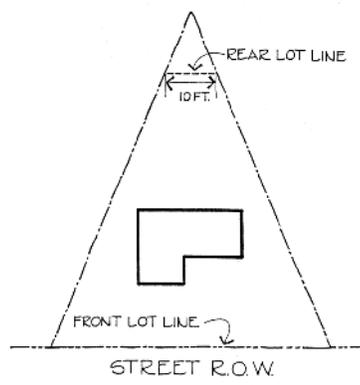

Lot Coverage -- The horizontal surface area of a lot that, if looking down from above, would be covered by any building, accessory building, roof or protection.

Lot, Depth of -- The average horizontal distance between the front-lot line and the rear-lot line.

Lot, Front of -- The side of an interior or through lot which abuts a street; in a corner lot, the side that abuts a major street.

Lot, Interior -- Any lot other than a corner lot, but including a through lot (See *Figure 10-4*).

Figure 10-4: Lot Lines

Lot Line, Front -- The line separating the front of the lot from the street (See *Figure 10-4*). When a lot or building site is bounded by a public street and one or more alleys or private street easements or private streets, the front lot line shall be the nearest right-of-way line of the public street. On a corner lot, the front lot line shall be the shorter line abutting a street.

Lot Line, Rear -- The lot line or lines generally opposite or parallel to the front lot line, except in a through lot. If the rear lot-line is less than 10 feet long or the lot comes to a point at the rear, said rear lot-line is assumed to be a line not less than 10 feet long, lying wholly within the lot, approximately parallel to the front street line (See *Figure 10-4*).

Lot-Line, Side -- Any lot line other than a front lot-line or a rear lot-line (See *Figure 10-4*).

Lot, Through -- A lot having a pair of opposite lot lines abutting two streets and which is not a corner lot. On such a lot, both lot lines are front lot lines, except that where a non-access easement has been established, the front lot line shall be considered as that lot line most distant from the lot line containing the non-access easement (See *Figure 10-3*).

Lot Width -- The horizontal distance between side lot lines, measured at the required front setback line. If the side property lines are parallel, the shortest distance between these side lines; or if the side property lines are not parallel, the width of the lot shall be the length of a line at right angles to the axis of the lot at a distance equal to the front setback required for the district in which the lot is located. The axis of a lot shall be a line joining the midpoints of the front and rear property lines.

Mansard -- A sloped roof or roof-like facade architecturally comparable to a building wall.

Trailer, Boat -- A vehicle designed for transportation on its own wheels and drawn by another vehicle and designed for the purpose of transportation of a pleasure boat and its accessories.

Trailer, Commercial -- A vehicle designed for transportation upon its own wheels and drawn by another vehicle and used to conduct a business or occupation, or as a selling or advertising device,

even though mounted on jacks, blocks, foundations or supports.

Trailer Court Park -- Any lot, parcel or tract of land, designed, maintained, used and intended for rent or lease of individual lots or sites to accommodate one or more travel trailers, house trailers or manufactured homes, including all buildings, structures, vehicles, accessory buildings, and appurtenances to be used or intended as equipment as a trailer-court park, whether or not a charge is made for the use of the site or the use of its facilities. A trailer-court park does not include lots upon which unoccupied manufactured homes or unoccupied house, travel, or commercial trailers are parked for yard display, inspection, and sale.

Use -- The principal purpose for which a lot or the main building is designed, arranged, or intended, and for which it may be used, occupied, or maintained.

Use, Accessory -- A use of a building or lot which is customarily incidental and subordinate to the principal use of the main building or lot.

Use, Conditional -- Any use which may be established in the particular zoning district in which it is allowed only upon meeting the conditions and limitations as prescribed by this Ordinance.

Use, Permitted -- A use which is lawfully established in a particular district and which conforms with

Wayside Stand -- A temporary structure designed, arranged, or used for the display or sale of products or goods.

Yard -- Open space on the same lot with a building or group of buildings, lying between the building (or outer building of a group) and the nearest lot or property line and unoccupied and unobstructed from the ground upward.

Yard, Front -- Open space extending across the full width of the lot between the front-lot line and the building line (See *Figure 10-5*).

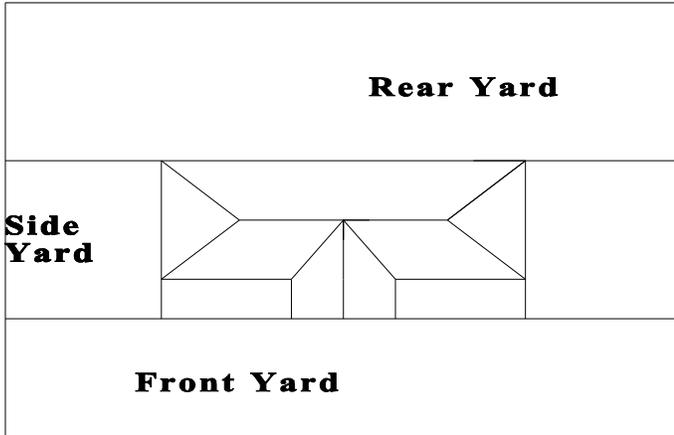

Yard, Rear -- Open space extending across the full width of a lot between the rear line of the lot and the nearest line of the building, porch or projection (See *Figure 10-5*).

Yard, Side -- Open space between the side-lot line, the side-property line, or the proposed side-property line, and the building line and extending from the front yard to the rear yard (See *Figure 10-5*).

Zero Lot Line -- The location of a building on a lot in such a manner that one or more of the building's sides rests directly on a lot line.

Zone -- An area within which certain uses of land and buildings are permitted and certain others are prohibited; yards and other open spaces are required; lot areas, building height limits, and other requirements are established; all of the foregoing being identical for the zone in which they apply.
