

NOTICE OF ADDENDUM

Date: October 12, 2022

RE: Red Mesa Rim Trail - ADDENDUM #1

This notice is for the following amendment and/or clarification to the Request for Bid Contract Documents Package and questions asked during and after a Pre-Submission Site Visit. (Please note that the City did not specify a set time for a Site Visit or Pre-Bid meeting; interest parties may contact us directly to do so to assist with their individual schedules.)

RFB Contract Documents Package Question:

1. To Clarify Page 2, Section 3.2.1 (Professional Services): qualified independent, licensed design consultants are only needed if required by law (e.g. if the Contractor chooses design elements that require an Arizona registered professional seal or license).

Design-Build & Construction Questions:

1. The trail set-back from the edge of the mesa is at the trail company's discretion, of course balancing safety concerns with a unique trail design.
2. Trail areas that cross solid sandstone rock, trail markings are at the discretion of the trail company, with the exception of painting the rock.

Sealed bids, including all addendums will be received by the City Clerk for the City of Page, Page City Hall, Page, Arizona until 4:00 PM, December 21, 2022.

A handwritten signature in black ink, appearing to read "Lynn Cormier", written in a cursive style.

Lynn Cormier
Director of Community & Recreation Services
City of Page
