STATEMENT OF PRINCIPLES

In every administrative organization, it is necessary and desirable to set forth basic rules and regulations dealing with the rights, duties, and obligations of employees of the organization with regard to terms and conditions of employment. This need arises from considerations of fairness and equity and the basic concept that all employees should understand those things expected of them and the standards by which conduct and performance will be measured. The following principles support the rules and regulations set forth in the following pages.

1. Government is a trust created by the people for their benefit. Those who serve in government are charged with the responsibility to be worthy of the trust of the public; and all their actions, both public and private, must be directed toward advancement of the public interest.

2. Because government is a trust and stands or falls on the faith and confidence of the people, all who serve in government must strive in their every action to deserve the confidence of the people. Public employees are expected to manifest high standards of business-like behavior during working hours and of personal honesty and integrity at all times.

Because government is a trust and represents the ideals and highest standards of the people, it is expected that all officers of the City will manifest high standards of fairness and equity in all dealings with employees and the public, and that the rules and regulations which follow will be interpreted and applied in a spirit of fairness with the aim of rendering the highest possible service to the community.

3. We who serve the City recognize and acknowledge a commitment of loyalty to the ideals of public service and pledge ourselves to act always in the best interest of the City and the people of Page. The City Council of the City of Page recognizes that a personnel system based on performance and fairness, which will attract and retain competent and dependable City officers and employees, is indispensable to efficient and effective City government. The Council has, accordingly, ordered the creation of the personnel system set forth in the following rules and regulations.

4. The rules set forth in this document are an overview and summary of the policies of the City of Page which are presently in effect. All of the rules and procedures in this handbook are intended as guidelines for human resource relations between the City of Page and its employees. Changes or deletions may occur, without prior notice, at the discretion of the City Council. As rules and benefits are revised or added, changes will be communicated to employees. These rules and procedures are not intended to be a contract of employment nor a guarantee to any employee of continued employment for any specified length of time. Unless provided otherwise by law, employment with the City of Page is "at will" and is therefore subject to the continuing needs of the City services and annual appropriations sufficient to fund established positions. Management reserves the right to interpret and administer the rules and procedures in this handbook. As with any guidelines, exceptions if appropriate may be made at management's discretion with the approval of the City Manager for individual situations.

5. These policies and procedures will be interpreted broadly on the basis of a reasonable approach to specific problems and situations.

No elected or appointed officer, department head, supervisor or employee shall advocate or cause the employment, appointment, promotion, transfer, or advancement of a family member to an office or position of the City. No elected or appointed officer, department head or supervisor shall supervise or manage a family member.
- B.** If, after employment, two employees within a direct chain of command, including peers, supervisor/employee, etc., become relatives or enter a consensual sexual or romantic relationship, the City will attempt to accommodate this newly-created relationship if such accommodation can be done without negatively impacting City operations, or violating the law. Efforts to accommodate the relationship may include, but not be limited to, assigning the employees to work different shifts, assigning different

supervisors to each employee, reassigning the employees so that one does not supervise the other, etc.

1. Employees in the same chain of command who begin or who are contemplating entering into a familial or consensual sexual or romantic relationship with another employee as defined by this policy must immediately notify their supervisor in order for the City to determine if and how such relationship may be accommodated pursuant to this policy. This policy applies to new hires at the time of employment.
2. On a case-by-case basis, the City Manager or designee will determine which, if any, efforts to accommodate a newly-created relationship can be undertaken, and will inform the affected employees of the decision. If the City Manager determines that the City cannot accommodate the new relationship between the employees, then one or more of the employees shall be transferred to a vacant position in a different department or division for which the employee(s) are qualified and able to perform the duties thereof. The City upholds, promotes, and demands the highest ethical standards of conduct from all of its employees. All City employees must comply with all laws, regulations, policies, and ethical standards applicable to the employee's position. These include, but are not limited to:

See also ARS 38-503.

B. GIFTS AND GRATUITIES

1. It is improper for an employee to accept special treatment or gifts in exchange for the employee's favorable treatment of any individual or organization. Employees should not accept gifts (monetary or otherwise), gratuities or favor from anyone, other than the City, for the performance of acts within the regular course of official duties. Employees should refuse any gifts or favors, which could be interpreted to be offered in order to influence municipal decisions. Compensation for performing one's public duty is limited to salaries and benefits provided by the City. See also ARS 38-505.

2. Examples of gifts that may be accepted include:

However, employees may not accept a meal or refreshments from a vendor, or attend events as a guest of a vendor, who contracts with the City or is looking to contract with the City if the employee is involved in the procurement process for the contract or vendor or administers or manages the contract, vendor, good, or service.
 - d. Compensation in the form of admission, food, or beverages received by an employee while attending a community event.

C. CONFIDENTIALITY

Employees are never to use or disclose any confidential information acquired in the performance of governmental duties as a means for personal/professional gain, or for any other reason unless allowed by law or required as a function of the employee's job.

D. USING CITY PROPERTY FOR PERSONAL GAIN

Employees should not use City facilities, equipment, work materials, vehicles, personnel, or supplies for private purposes, except to the extent they are lawfully available to the public. Employees who use these items for a personal purpose may be subject to discipline up to and including dismissal. The use of City goods for a private use or purpose is not a "fringe benefit," it is stealing. See A.R.S. § 13-1802. An employee found to have stolen City supplies, work materials, vehicles, equipment, or any other property may be subject to criminal prosecution and civil sanctions, in addition to discipline up to and including dismissal.

E. UNLAWFUL ACTIVITY

Activities in violation of the law constitutes an unacceptable level of behavior. Employees are not to engage in any unlawful activities. Any illegal activities engaged in by an employee while on or off-duty will be examined on a case-by-case basis and may result in termination of employment.

F. OUTSIDE EMPLOYMENT

An employee's participation in another job (including self-employment) with the authorization of the City is allowed, provided that there is no conflict of interest and the job does not interfere with the time and attention the employee must devote to his/her City job. Employees must notify their immediate supervisor who will notify the department head of any outside employment. Use of City equipment or use of proprietary information for outside employment is prohibited. If, at any time, the employee is working a second job while receiving Workers' Compensation benefits from the City, the employee must notify the Human Resources Office immediately. Failure to do so is fraudulent, and disciplinary action up to and including termination will be taken.

ARTICLE 3 - CLASSIFICATION

SECTION 3.1

PREPARATION OF PLAN

The City Manager or designee shall ascertain and record the duties and responsibilities of all positions and shall recommend a pay range for such position. The Plan shall be developed and maintained to ensure that all positions substantially similar with respect to duties, responsibilities, authority, character of work and value to the City are included within the same range and that the same schedules of compensation may be made to apply with equity under like-working conditions to all positions in the same range. Job descriptions shall reflect normal duties but shall not preclude the assignment of additional duties as best meets the needs of the City.

SECTION 3.2

ESTABLISHMENT, AMENDMENT, AND REVISION OF PLAN

The Pay Range/Grades shall be reviewed annually and may be amended by the City Manager or designee as appropriate.

SECTION 3.3

NEW POSITION

When a new position is budgeted, the position shall be placed in an appropriate range.

SECTION 3.4

RECLASSIFICATION

Positions with significant changes in job descriptions, and/or related duties within that position, shall be reclassified into a more appropriate pay range by the City Manager or designee. Requests for reclassification shall be made in writing to the City Manager or designee. Reclassifications shall be supported by appropriate documentation as to the changes in duties and/or market adjustments based on wage surveys. Reclassification shall not be used for the purpose of avoiding restrictions concerning demotions and promotions nor should the reclassification be based on a specific incumbent but instead on the needs of the City.

ARTICLE 4 - COMPENSATION

SECTION 4.1

PREPARATION OF PLAN

The City Manager or designee shall prepare and maintain a Pay Compensation Plan covering all positions. In arriving at wage ranges, consideration shall be given to prevailing rates of pay and consideration of working conditions for comparable work in other public and private employment, to recommendations of department heads, to the City's financial condition and policies, and to other relevant factors.

SECTION 4.2

ADMINISTRATION OF THE COMPENSATION PLAN

The City of Page will be governed by the principles and rules set forth below:

There shall be created a wage scale, approved by the City Council, setting forth ranges, with each range consisting of a low, median, and high pay ranges, and additional increments expressed in whole dollar terms.

Each employee shall be assigned at all times to a specific range.

SECTION 4.3

INCREASES IN COMPENSATION

Increases in compensation may be made in the following ways:

- A. PAY INCREASES:** A pay increase is available annually to the regular full-time, regular part-time, and reserve fire department employee based on performance, budgetary restrictions, outstanding achievement and longevity. Pay increases for employees are restricted by the assigned pay range.
- B. BONUSES:** A bonus is available to the employee who has reached the top of the applicable range instead of a pay increase. A bonus may also be awarded by the City Manager or City Council based on outstanding performance or other similar criteria.

SECTION 4.4

MARKET ADJUSTMENT

A market adjustment is an adjustment in pay ranges made as a result of a wage or fringe benefit study or as a result of some other form of analysis indicating the need for general adjustments. Such adjustments normally apply to a large number of job positions, are always by job rather than individual employee, and will generally be made at the beginning of a fiscal year (or when conditions warrant a change), and in no way relate to the eligibility of an employee for a pay increase. Positions are evaluated on a periodic basis.

- A. EMPLOYEE REQUEST:** An employee may request his/her position to be evaluated if it has not been adjusted in the last twelve (12) months. The employee is responsible for providing reasonable research documentation for the adjustment. The City is not bound by employee findings but may use the results for appropriate classification.

SECTION 4.5

PROMOTIONS

Promotions shall be made as provided in these Personnel Rules. Employees promoted to a pay range that overlaps their present pay range shall be transferred to the new range. Thereafter the employee will be evaluated and advanced incrementally in accordance with the new pay plan and range. Employees promoted to a pay range that does not overlap with their pay range shall be moved to the new range regardless of the increase.

SECTION 4.6

GENERAL PRINCIPLES

Several general principles set forth below provide the basis for the operation of the

Compensation Plan.

Equal Pay for Equal Work - All employees within a pay range shall be treated equally insofar as is practicable consistent with the length of service and other relevant factors.

Compensation rates of the City should be competitive with compensation rates of other similar public employers insofar as practicable.

The fringe benefits offered by the City of Page should be competitive with those offered by similar public employers insofar as practicable. Periodic surveys shall be completed to evaluate competitiveness.

In order to ensure that the compensation is a reflection of competence in the performance of assigned duties, the City Manager or designee shall prepare a formal evaluation system or systems, and evaluations of performance shall be made by the employee's immediate department head / supervisor prior to the granting of pay increases in accordance with the existing pay schedule. Each employee shall be evaluated by his/her supervisor at least annually. The employee shall have the right to review the evaluation with the department head and the City Manager.

SECTION 4.7

COMPENSABLE TIME

A. The City follows all applicable laws and regulations, including the Fair Labor Standards Act when determining compensable time for employees.

SECTION 4.8

OVERTIME

Overtime shall be paid to non-exempt employees at the rate of time and one-half for any time worked in excess of a scheduled work week or a scheduled work period. A scheduled work week is forty (40) hours. For applicable fire department personnel, a scheduled work period consists of a twenty four (24) consecutive day schedule with overtime being compensated after 182 hours worked. For applicable police department personnel, the City Manager is authorized to establish the work period and hours worked/overtime threshold. Periods of sick leave, vacation, paid holidays, or other absences from work or leaves are not included in calculating the number of hours worked for overtime purposes even if the employee is compensated for non-working time under these policies. Scheduling of overtime must be approved by the department head, City Manager, or designee. Working unauthorized overtime may result in disciplinary action.

SECTION 4.9

COMPENSATORY TIME

Compensatory Time (Comp Time) may be substituted for overtime at the discretion of the department head. Up to forty (40) hours of comp time may be accrued, unless a greater number is specifically authorized by the City Manager. All overtime rules will apply to Comp Time. Comp Time and overtime will not be applied to the same hour of work. The employee may use accrued Comp Time within a reasonable period after making a request if the use of the Comp Time does not unduly disrupt the operations of the City.

SECTION 4.10

UNIFORM OR CLOTHING ALLOWANCE

Uniforms, clothing, or uniform allowance may be provided for certain City employees as is in the best interest of the City of Page. Where provided, such uniforms or clothing shall be worn while on the job in accordance with departmental regulations. Inappropriate use of uniforms provided by the City of Page shall be cause for disciplinary action.

SECTION 4.11

TRAVEL AND EXPENSE

It is the policy of the City of Page to reimburse reasonable expenses for City business on a case by case basis pursuant to the City's adopted Travel Policy (See Article 17). Violation of this policy shall be grounds for disciplinary action up to and including termination.

SECTION 4.12

Holiday Call Out is:

See Section 8.11.

With permission of the immediate supervisor, an employee assigned to on-call duty may trade with another willing employee. Each employee is then responsible for notifying the Page Police Department before the on-call period begins.

ARTICLE 5 - APPLICATIONS & APPLICANTS

SECTION 5.1

ANNOUNCEMENT

The City Manager or designee should take whatever steps may be necessary to ensure public awareness of City employment opportunities. The City Manager or designee may advertise outside the community when appropriate.

SECTION 5.2

APPLICATION FORMS

Applications shall be made as prescribed in the job announcements. Application forms shall require information covering training, experience, and other pertinent information and may require certificates of one or more examining physicians, references, and fingerprinting. All applications must be signed by the applicant.

SECTION 5.3

DISQUALIFICATION

The City Manager or designee may reject any application which indicates that the applicant does not possess the minimum qualifications required for the position. Applications may be rejected if the applicant is unable to perform the duties of the position to which the applicant seeks appointment, has made any false statement of any material fact, or has practiced any deception or fraud in his/her application.

ARTICLE 6 - METHOD OF FILLING VACANCIES

SECTION 6.1

TEMPORARY AND SEASONAL EMPLOYEES

Temporary workers may be hired with City Manager approval to substitute for absent employees or to assist on special projects or similar circumstances.

Seasonal employees may be hired with City Manager approval, in order to cover peak demand periods such as the summer months.

Generally, temporary workers are hired for a single assignment not to exceed six (6) months. Seasonal employees may work up to six (6) consecutive months.

Temporary and seasonal employees are not normally eligible for benefits such as vacation accrual, health insurance, holiday pay, and retirement. One exception to this rule would be those temporary or seasonal workers employed for more than twenty (20) hours during twenty (20) weeks (not required to be consecutive weeks). In either case, the temporary or seasonal employee would be required to participate in the Arizona State Retirement System.

Temporary and seasonal employees are subject to the same standards of performance as regular full-time and regular part-time employees including, but not limited to, drug testing, attendance, and use of the City's facilities and equipment.

If a temporary full-time employee remains continuously employed for more than six (6) consecutive calendar months in a single assignment, the department head must either recommend termination of that employee or qualify them for vacation accrual, health benefits, holiday pay, and retirement if not already addressed above. Temporary part-time employees will receive only pro-rated sick and vacation accruals unless they qualify for the Arizona State Retirement System. If a temporary worker becomes eligible for benefits but will be terminated within thirty (30) days of eligibility, benefits shall not accrue or be paid.

ARTICLE 7 - PROBATIONARY PERIOD / TRAINING PERIOD

SECTION 7.1

REGULAR APPOINTMENT FOLLOWING PROBATION OR TRAINING

All original or in-house appointments shall be tentative and subject to a probationary period or training period of not less than six (6) months actual service in the position. The City Manager may establish a longer probationary or training period for specified classes of employees. Upon departmental recommendation, the probation or training period may be extended by the City Manager or designee in situations where the employee has failed to fulfill the requirements of the job description, and the City Manager has reason to believe that an extension of the probationary or training period rather than termination is warranted.

SECTION 7.2

OBJECTIVES OF THE PROBATIONARY OR TRAINING PERIOD

The probationary or training period shall be regarded as part of the testing process and shall be utilized for closely observing the employee's work and for securing the most effective adjustment of a new employee to the position. The department head concerned shall evaluate all probationary or training employees at the end of the training or probationary period in accordance with established City policies. The department head concerned shall also prepare an evaluation at the completion of probation or training indicating how the individual has been trained, counseled, and given every reasonable opportunity to perform the duties of the position, and advising as to whether the employee should be given regular status, should have the probationary or training period extended, or should be terminated.

SECTION 7.3

REJECTION OF PROBATIONARY PERIOD EMPLOYEE

During the probationary period, an employee may be terminated for any reason. Written notification of termination shall be forwarded to the employee, and a copy of the notification shall be placed in the employee's personnel file.

SECTION 7.4

REJECTION OF TRAINING PERIOD EMPLOYEE

During the training period, an employee may be terminated if unable to satisfactorily perform the job. The City does not guarantee the return of the employee to the previous position.

ARTICLE 8 - ATTENDANCE AND LEAVE

SECTION 8.1

EARNED LEAVE

All regular full-time and regular part-time employees shall be entitled to leave with pay in accordance with Section 8.1.C. Probationary employee with less than six (6) months service from the date of hire may not take vacation leave; however, leave credits for the time so served shall be granted each probationary employee who receives a regular full-time or regular part-time appointment. The City Manager may establish a longer probationary period for specified classes of employees.

A. VACATION LEAVE ACCRUAL

Eligible employees shall accrue credits at the following rates:

Years of Service	Non-Exempt/ Hourly Full-Time	Exempt/Salaried Full-Time	Regular Part-Time	7K Fire Exemption
0-5	80 Hours	120 Hours	Pro-rated	150 Hours
5-10	120 Hours	120 Hours	Pro-rated	186 Hours
10-15	144 Hours	144 Hours	Pro-rated	216 Hours
15 & up	160 Hours	160 Hours	Pro-rated	240 Hours

All vacation accruals are limited by Section 8.1.D.

1. VACATION LEAVE ACCRUAL FOR FULL TIME WORKING LESS THAN 40 HOURS

Regular full time non-exempt employees, who work less than 40 hours per week, excluding any paid leave taken, will accrue vacation on a pro-rated basis.

B. PURPOSE AND USE OF VACATION LEAVE

Employees are encouraged to take five (5) days of vacation leave at a time. Employees working a 4/10 work week schedule are encouraged to take four (4) days of vacation at a time. Upon approval of the City Manager, vacation time may be sold back in 40 hour blocks, not to exceed fifty percent (50%) of the leave balance. 7k exempt fire department employees must refer to Fire Department Policy on use of vacation leave.

C. SCHEDULING OF LEAVE

Employees should request vacation leave in writing as soon as reasonably possible indicating the number of vacation hours requested. Time during which an employee may take vacation leave shall be determined by the department head with due regard for the wishes of the employee and the needs of the department.

D. ACCRUAL OF VACATION LEAVE

Employees may accrue more than 240 hours of vacation leave. However, any accumulated vacation time in excess of 240 hours must be utilized before the end of the calendar year or the time will be forfeited.

E. HOLIDAYS AND LEAVE

In the event one or more municipal holidays fall within a leave period, such holiday shall not be charged as leave; but instead credited in accordance with section 8.11. If an employee is out on unpaid leave, including FMLA leave or Worker's Compensation leave, holidays will not be paid.

F. VACATION LEAVE PAYMENT UPON TERMINATION

Employees who have satisfactorily completed probation and who terminate employment shall be paid for all vacation leave earned.

SECTION 8.2

SICK LEAVE

Accrued sick leave with pay shall be granted to all employees. Sick leave shall not be considered as a right which an employee may use at his/her discretion, but shall be allowed only in accordance with A.R.S. 23-373 and this policy. Employees capable of performing light duty shall so advise their department head who may make these arrangements. Abuse or misuse of sick leave shall be cause for disciplinary action. When an employee is sick while on vacation, the day may be changed to a sick day if a physician's certificate is provided. Sick leave is not accrued while on unpaid leave, including FMLA and Worker's Compensation. The City prohibits employees from being retaliated or discriminated against for exercising their rights to paid sick leave.

A. COMPENSATION WHILE ABSENT ON SICK LEAVE

When the need for paid sick leave is foreseeable, the employee must make a good-faith effort to request the time off in advance and must make every effort to schedule the time off in a manner that does not unduly disrupt City business. If the need for paid sick leave is not foreseeable, the employee must contact their supervisor as soon as possible, which, absent exigent circumstances, generally means within hours of when the need for leave arose, but in any event, prior to the start of an employee's shift. After three (3) consecutive workdays a supervisor may require a physician's certificate upon returning to work, but after five (5) consecutive workdays, a certificate is mandatory.

B. SICK LEAVE ACCRUAL RATES

Eligible employees shall accrue sick leave at the following rates

Persons scheduled to work full-time (2080 hours per year):	96 hours (12 days per year)
Regular full-time employees will accrue sick leave at the following rate:	3.7 hours per every bi-weekly payroll period of 80 hours
Persons scheduled to work less than full-time will accrue sick leave using the following formula:	$3.7 \div 80 \text{ (hours)} \times \text{average bi-weekly hours}$
Persons scheduled to work under the fire department 7k exemption plan:	180 hours (7.5 twenty-four hour shifts)
Fire department 7k exempt employees will accrue sick leave at the following rate:	6.93 hours per every bi-weekly payroll period

C. ACCUMULATED SICK LEAVE

Employees may not accrue more than 960 hours of sick leave except for the purposes of payment as follows. Once the maximum limit of 960 hours has been accumulated, an employee hired before July 1, 2017, may elect to be paid for the excess of 960 sick hours at a rate of 75% their base pay, or purchase service time from ASRS/PSPRS (if eligible) at a rate of 75% their base pay. Upon separation from City employment, an employee may be eligible to be paid at full face value for accrued sick leave if (1) the employee has been employed by any department with the City for ten continuous years and (2) the employee applies for and elects to receive

ASRS/PSPRS benefits immediately upon separation from City service.

Employees hired on or after July 1, 2017, upon separation from City employment, shall be eligible for accrued sick leave over 560 hours, up to 400 hours, if (1) the employee has been employed by any department with the City for ten continuous years and (2) the employee applies for and elects to receive ASRS benefits immediately upon separation from City service. No payment will be made for the first 560 hours of accumulation or beyond 400 additional hours. Termination of the employee will forfeit payment of all sick leave.

D. WORKERS' COMPENSATION

The City of Page carries Worker's Compensation Insurance. Potential benefits provided include payments of medical expenses and compensation for time lost if the injury or illness is work related. All work related injuries or illnesses must be reported immediately so as not to delay coverage. Treatment of worker's compensation injuries or illnesses must be administered by the City's occupational health care provider unless the injury occurs at night or when the offices of the occupational health care provider are closed. In those instances the employee may report to the local hospital emergency room. Employees must tell the treating physician that they are there due to a work related injury or illness.

All decisions regarding the acceptance of a worker's compensation claim are made by the insurance carrier. If the claim should be denied, the employee or the employee's regular insurance will be responsible for all costs associated with the treatment of the injury or illness.

Lost time is counted in calendar days. Worker's Compensation does not pay an employee for any time lost of less than seven (7) calendar days. If the employee is unable to work for fourteen (14) calendar days on an accepted claim, payment is issued back to the first day of disability (not including the day of the injury or illness).

Worker's Compensation pays two-thirds (2/3) of the employee's average monthly salary which cannot exceed the maximum wage as set by the legislature. Contact the Human Resources office for the most current information.

For payroll purposes, when an employee is off work due to a work related injury or illness, the time sheet will need to reflect those missed shifts as worker's compensation along with sick leave. The employee will receive his/her regular pay for the first seven (7) calendar days of the absence with regular accruals of sick and vacation. Should the employee receive remuneration from Worker's Compensation Insurance for any days that were also paid by the City, the employee will be required to reimburse the City so that a double payment does not occur.

Starting with the eighth (8th) calendar day of worker's compensation leave, the employee has two options. First, the employee may endorse the worker's compensation wage replacement check and turn it in to the City. In exchange for endorsing the check to the City, based on individual leave balances, the employee will continue to receive bi-weekly checks from the City but leave balances will be charged at one-third (1/3) of the regular pay period amount. Leave used will be charged first to sick leave accruals, then vacation, then personal days, and lastly, to Compensatory Time.

Authorized payroll deductions will continue to be made by the City until such time that all leave balances and comp time is depleted. When the City is no longer issuing checks to the injured or ill employee the employee will be responsible for paying all authorized deductions. Benefits may be cancelled if payment for employee contributions are not received during the month the payment is due. Arizona State Retirement System and Public Safety Personnel Retirement System contributions will also cease if the injured or ill employee is no longer receiving checks from the City.

As the second option, the injured employee may retain the worker's compensation benefit check. In this situation, the City will classify the employee as on worker's compensation leave only, no check is issued by the City, and no leave accrual balances or Comp Time will be reduced. As in the paragraph above, the employee will be responsible for all authorized deductions and contributions will not be made to the Arizona State Retirement System or the Public Safety Personnel Retirement System.

It is the policy of the City to return injured employees to work as soon as possible, unless protected by Family Medical Leave. See Section 8.2.F regarding Light Duty. The employee is required to keep in contact with his/her supervisor, who, in turn, must notify Human Resources of any developments regarding the employee's recovery.

E. NECESSARY MEDICAL TREATMENT FOR FAMILY MEMBERS

Sick leave may also be used for necessary medical treatment for family members as defined by ARS 23-371. The City of Page may require verification of sick leave used under this Section in accordance with Section 8.2.A.

F. LIGHT DUTY

Employees who are found by their physicians to be able to perform light duty may be assigned to such duty in their own department or in another City department with the City Manager's approval. The City Manager or designee may work with the employee's physician to resolve any conflicts. Every attempt may be made to return the employee to duty as soon as possible.

G. DIRECT GRANTS OF SICK LEAVE

1. ELIGIBILITY TO MAKE DIRECT GRANT

- a. To be eligible to make a direct grant of sick leave, an employee must have a minimum balance of one hundred and sixty (160) hours of sick leave remaining following the contribution.
- b. An employee may directly grant no more than a maximum of three hundred and twenty (320) hours of sick leave in any continuous 12-month period to any individual employee.
- c. An eligible employee may make a direct grant of sick leave to an employee of any City Department who is eligible to receive a grant.
- d. Direct grants of sick leave shall be made on an hour for hour basis.

2. ELIGIBILITY TO RECEIVE A DIRECT GRANT

- a. To be eligible to receive a direct grant of sick leave, a City employee must have met the six (6) month qualifying period to take sick leave.

- b. The employee must suffer an extensive illness or accident (i.e., illness, injury, disability or quarantine which incapacitates the employee) which results in an absence from work of no less than ten (10) consecutive working days.
- c. The employee must exhaust all personally accrued sick leave, annual leave, and other accrued paid leave and compensatory time. Agreeing to receive a direct grant of sick leave constitutes an agreement to exhaust all accrued annual leave in order to become eligible to receive additional sick leave.
- d. Approval to receive a direct grant of sick leave from the City Manager may be requested by the employee or the employee's Department Head. The request is first forwarded to the Human Resources department that will verify eligibility for the grant.
- e. The employee may be required to provide to the Human Resources department a physician's certification of extensive illness or accident.
- f. Grants will be used in order of receipt. When the employee returns to work, donations cease. Unused donations will be returned to the donor.

3. OTHER INFORMATION RELATING TO DIRECT GRANTS OF SICK LEAVE

- a. An employee may receive a maximum of 320 hours of sick leave in any continuous 12-month period in direct grants. Leave grants to part-time employees shall be pro-rated.
- b. The 12-month period is calculated from the first day the employee takes sick leave from a direct grant of sick leave.
- c. The City Manager may approve a combination of paid sick leave and leave of absence without pay in a work week.
- d. If an employee is incapacitated and unable to apply for a leave of absence and a direct grant of sick leave, another person may do so for the employee.
- e. An employee may at the City Manager's discretion receive a direct grant of sick leave to provide necessary care of or attendance to an immediate family member. The employee must meet all other eligibility requirements.

4. PROHIBITED USES OF DIRECT GRANTS

An employee shall not receive direct grants of sick leave:

- a. If the employee is eligible for Workers' Compensation benefits;
- b. If the employee is no longer employed by the City; or
- c. While the employee is on leave of absence without pay for a reason other than extensive illness or accident.

SECTION 8.3

FAMILY LEAVE

The City of Page complies with the Family Medical Leave Act (FMLA) which provides job protection and continuation of medical benefits if a qualified employee needs time off for his/her own or a family member's serious medical condition, childbirth, or adoption. For the use of FMLA a family member is defined as the employee's spouse, son or daughter, or parent. Only those full-time regular and part-time regular employees who have worked for the City for at least twelve (12) months prior to requesting the leave and who have worked at least 1,250 hours

during the previous twelve (12) months are covered. The twelve (12) weeks of unpaid leave that FMLA allows is measured forward from the date an employee's FMLA leave begins. In all cases where FMLA leave is taken, the employee must use any accrued vacation or sick leave during any FMLA leave prior to the leave being unpaid. FMLA leave runs concurrently with all other leave including sick leave, vacation leave, short term disability, and leave pursuant to workers' compensation. All FMLA leave will be unpaid but employees will receive pay for the duration of available paid leave such as vacation or sick leave. The combination of accrued paid leave and unpaid leave will not exceed twelve (12) weeks of FMLA protection per year. In addition, an employee who is a spouse, son, daughter, parent or next of kin may take up to 26 weeks of leave to care for a member of veteran of the Armed Forces if eligible. For specific information, contact the Human Resources Office.

The employee is required to provide thirty (30) days advance notice to the supervisor when the leave is foreseeable. When leave is needed to care for a family member or for the employee's own illness, and is for planned medical treatment, the employee must try to schedule treatment in order to minimize disruptions of the City's operations. Failure to provide notice for foreseeable leave may result in the delay of the beginning of FMLA leave until at least thirty (30) days after the employee gives notice to the employer of the need for FMLA leave. If the need for the leave is unforeseeable, the employee must give notice as soon as practical under the circumstances. The City may require that the employee provide certification at the employee's cost prior to determining whether an absence qualifies for FMLA leave.

If the employee is covered under the City's group medical insurance plan, the City will maintain the employee's health coverage during the FMLA leave period under the same conditions as if the employee had continued actively working. However, the employee must continue to pay any share of the premium for that coverage which they would normally pay. If the employee is taking accrued sick or vacation leave before taking FMLA leave, any applicable premium will be deducted from the employee's normal paycheck. If the employee is taking FMLA leave, payment for the employee's share of the premiums must be received at the Finance office no later than the final day of each pay period. Failure to pay the premium within thirty (30) days of being due while on FMLA leave may result in the cancellation of insurance coverage after written notice.

Employees taking FMLA leave will be guaranteed the same or equivalent position after returning from leave. However, key employees may be exempt from FMLA reinstatement protection. As a condition of restoring an employee whose FMLA leave was due to the employee's own serious health condition that made the employee unable to perform the employee's job, the employee shall obtain and present certification from the employee's health care provider that the employee is able to resume work. The employee has the same obligations to participate and cooperate in the fitness-for-duty certification process as in the initial certification process and is responsible for any associated costs.

Employees will not accrue vacation or other benefits while on unpaid FMLA leave. Additionally, employees will not be paid for holidays that occur during the unpaid leave. However, the leave period will be treated as continuous service (i.e., no break-in-service) for purposes of vesting and other benefits.

For FMLA leave specific to birth, placement, and bonding with a child, the leave must be continuous. The City does not allow intermittent leave for this type of FMLA leave.

SECTION 8.4

BEREAVEMENT LEAVE

Paid leave will be granted in the event of the death of a member of the regular full-time, or regular part-time employee's immediate family. Immediate family shall consist of the employee's spouse or the children, parents, brothers, sisters or grandparents, or grandchildren of either the employee or the employee's spouse. Five (5) days, Four (4) if working a 4/10 work week schedule or two (2) shifts for fire department 7k exempt employees of bereavement leave will be granted automatically.

SECTION 8.5

PERSONAL HOURS

Twenty-four (24) personal hours or one (1) shift for fire department 7k exempt employees per calendar year are granted each January 1st to regular full-time employees. Depending on the start date of the employee, personal hours may be pro-rated the first year of employment. Personal hours will not accumulate from year to year.

Use of personal hours shall be scheduled with department head or supervisor approval prior to using the leave. Employees are not compensated for unused personal hours upon resignation or termination.

SECTION 8.6

MILITARY LEAVE

Military leave shall be granted in accordance with the provisions of state and federal law. Employees entitled to military leave shall give their supervisors an opportunity, within the limits of military regulations, to determine when such leave shall be taken.

SECTION 8.7

LEAVE OF ABSENCE WITHOUT PAY

Department heads may grant a regular or probationary employee leave of absence without pay for not more than five (5), four (4) if working a 4/10 work week schedule, consecutive working days. Such leave shall be reported in writing to the City Manager prior to the beginning of the leave or as soon as practicable. Employees may appeal denial of this privilege to the City Manager.

The City Manager may grant a regular or probationary employee a leave of absence without pay for more than five (5), four (4) if working a 4/10 work week schedule, consecutive days without change in seniority. Such leave shall be granted only upon written request of the employee, setting forth the reasons for the request. Upon expiration of the authorized leave of absence the employee shall be reinstated in their previous position or as comparable a position that is available at the time of the employee's return to work. Failure on the part of an employee to return to work at the expiration of the authorized leave of absence shall be cause for termination. Leave of absence granted under this section shall not be for purposes permitted under Section 8.3. Employees are responsible for the cost of their authorized deductions if they are on leave without pay during any full pay period. Contributions to existing retirement plans will not be made during an unpaid leave, nor will vacation or sick leave accrue.

SECTION 8.8

JURY / WITNESS LEAVE

Every employee who is required to serve as a trial juror or factual (not an expert) witness based on a legal summons shall be entitled to absent himself/herself from his/her duties with the City during the period of such service or while necessarily being present in court as a result of such call. Under such circumstances, the employee will be paid the difference between his/her normal compensation and any court payment received by him/her, except per diem and additional child care fees incurred directly due to jury duty.

SECTION 8.9

ATTENDANCE

Employees shall be in attendance at their work in accordance with the rules

regarding hours of work, holidays and leaves as adopted by the City and their respective departments. Absence from work, other than illness, shall be scheduled in advance. All departments shall keep daily attendance records of employees which shall be reported to the City Manager or designee in the form and on dates specified. Failure on the part of an employee to report absences prior to the start of their shift may be grounds for discipline. Two days of a no-show, no-call, or one (1) 24 hour shift for fire department 7k exempt employees, shall be considered a voluntary quit without notice.

A. WORK SCHEDULES

The City Manager shall have the ability to alter hours and work schedules of the departments and/or individuals to meet the needs of the City. Department heads will have the ability to alter hours and work schedules to meet the needs of the department. In the event specific employees need to work hours different from those normally observed by the department, those employees are subject to mutual agreement between employee and department as set forth in writing. Said employee can work in excess of eight (8) hours, ten (10) hours if working a 4/10 work week schedule, in a twenty-four (24) hour period without accruing overtime.

B. HOURS OF WORK

The payroll work week shall begin at 12:00 A.M. on Saturday and end on Friday at midnight. The City Manager may implement and assign a 4/10 work week schedule to designated departments and/or individual employees. The regular work day for other than 7k exempt employees shall not normally exceed eight (8), ten (10) if working a 4/10 work week schedule, hours. See Section 8.10.A. The regular work week for other than 7k exempt employees shall not exceed forty (40) hours. Working hours will be determined by the needs of the City. All departments shall maintain regular hours of work. Periodic temporary changes in working hours may be made within a department as needed. Permanent changes in working hours shall be presented to the City Manager for approval.

SECTION 8.10

HOLIDAYS

Employees eligible to be paid for scheduled holidays shall be paid for eight (8) hours. The holidays observed by the City of Page are:

New Year's Day
Martin Luther King, Jr., Day
President's Day
Memorial Day
Independence Day
Labor Day
Veteran's Day
Thanksgiving Day
Friday after Thanksgiving
Christmas Day

Employees desiring to observe religious holidays not coinciding with the above holidays may be given time off without pay or may be authorized to use accrued vacation leave or personal leave for this purpose.

The following rules shall apply to the computation of holiday hours for employees that work other than eight-hour days:

1. Employees may use personal time to eliminate a deficit between the paid eight (8) hours and the scheduled work shift.

A. HOLIDAYS AND WEEKENDS

When any of the holidays observed falls on a Sunday, the following Monday shall be observed as a holiday. When any of the holidays observed falls on a Saturday (or Friday for employees who work M-TH), the prior workday shall be observed as the holiday.

B. HOLIDAYS OFF

Temporary, seasonal, regular part-time employees, assistant magistrates and reserve and full-time Fire Department employees are not paid holidays unless actually worked.

C. HOLIDAYS WORKED

When an employee works on a holiday identified in Section 8.10, he/she will receive double time for actual hours worked. 7k exempt fire department employees will receive time and one-half for actual hours worked on a holiday. Reserve Fire Department employees will receive double time for actual hours worked or on-call time. If an employee works a partial day on a holiday, the employee will be paid double time for the actual hours worked and regular pay for the difference between the hours actually worked and eight (8) hours.

D. ELECTIONS

Employees will be granted up to thirty (30) minutes during the work day for the purpose of voting in city, state, and federal elections.

ARTICLE 9 - PAY ADJUSTMENTS

SECTION 9.1

APPLICATION OF RATES

Employees shall be paid a wage established for that position under the Pay Plan.

SECTION 9.2

ADVANCEMENT

No salary advancement shall be made so as to exceed any maximum rate established in the Pay Plan for the pay range to which the advanced employee's position is allocated. Advancements shall not be automatic, instead they shall depend upon increased service value of an employee to the City as exemplified by recommendations from his/her supervisor, length of service, performance record, special training undertaken, or other pertinent evidence, relating to the advancement policy established by Article 4. All employees shall be evaluated prior to pay increases. Pay raises will be withheld when the employee's work is not satisfactory. An appointment rate shall be established by the City Manager, Human Resources Department, and department head based on the employee's experience, training, and qualifications. Said appointment rate shall not exceed mid-range for the position without permission of the City Manager.

SECTION 9.3

RECORDING RATES OF PAY

The City Manager or designee shall cause to be entered into the employee's personnel records all changes in the employee's rate of compensation.

SECTION 9.4

BELOW MINIMUM OF THE PAY RANGE

No employee shall be paid below the minimum of the pay grade in which his/her position is assigned.

ARTICLE 10 - TRANSFER, DEMOTION, SUSPENSION AND REINSTATEMENT

SECTION 10.1

TRANSFER

Employees may be voluntarily or involuntarily transferred from one position to another at the sole discretion of the City Manager. Transfer of an employee from one job to another which requires a pre-employment physical will require a medical examination. Employees will be placed in a training period for a minimum of six (6) months as specified by Article 7.

SECTION 10.2

DEMOTION

Employees may be voluntarily or involuntarily demoted from one position to another position in a lower pay grade. Employees who have been demoted may be subject to a training period as defined in Article 7.

SECTION 10.3

SUSPENSION WITHOUT PAY

Only the City Manager may suspend an employee without pay for disciplinary purposes. Health benefits shall be maintained by the City during the suspension period. Leave accruals and retirement contributions will only be made for hours worked during the pay period. The suspended employee is responsible for covering authorized deductions if necessary.

A. REASSIGNMENT

Job responsibilities may be voluntarily or involuntarily reassigned to an employee when those changes are dictated by organizational needs or budgetary constraints. Increases or decreases in pay may result and are at the sole discretion of the City Manager.

SECTION 10.4

SUSPENSION WITH PAY

Department heads may suspend an employee with pay for a three (3) day working period for the purpose of conducting an investigation of an allegation or incident. The City Manager may authorize a longer period where necessary. All such suspensions shall be reported in writing immediately to the City Manager, Human Resources Department, and City Attorney. Employees suspended with pay are considered to be on-call and must be available for work during their regularly scheduled work day.

SECTION 10.7

REINSTATEMENT

Former employees with less than thirty (30) days break in service may be reinstated, at the request of the department head and upon approval of the City Manager, without loss of accrued sick leave minus any sick leave paid out at the time of separation.

SECTION 11.1

Every employee is expected to exhibit acceptable conduct, satisfactory performance of duties, and adherence to safe and secure work practices. ARTICLE 15 - EMPLOYEE SAFETY AND SECURITY

SECTION 15.1

DRUG FREE WORKPLACE

The City of Page complies with the Drug Free Workplace Act of 1988. Employees are prohibited from the unlawful manufacture, distribution, dispensing, possession, and/or use of unauthorized controlled substances on City premises or worksites, including City vehicles. Employees may not be impaired by alcohol or drugs while on duty. Violation of this policy may result in discipline, up to and including, termination.

A. TESTING

The City is committed to maintaining a drug and alcohol-free workplace in order to provide a safe work environment for employees and safe service delivery to the public. In order to achieve this goal, the City has established a program designed to prevent and detect the misuse and abuse of alcohol and drugs in the workplace. This policy applies to all employees in all departments of the City. Positions regulated by federal or state law (such as CDL drivers) are subject to all applicable federal and state regulations.

The City tests for the following substances during pre-employment, reasonable suspicion, follow-up, return to duty, post-accident and/or random tests (Exception: In accordance with federally-mandated DOT regulations for CDL employees, only the first 5 substances listed below will be tested under a CDL-specific test):

- Cannabinoids/THC (Marijuana)
- Methamphetamines
- Cocaine
- Barbiturates
- Opiates
- Benzodiazepines
- Phencyclidine (PCP)
- Propoxyphene
- Amphetamines
- Methadone

When an alcohol test is administered during a random, reasonable suspicion, post-accident, or follow-up test, an alcohol concentration level of 0.02 or higher will be considered positive. The City reserves the right to test for substances other than those listed above.

All testing will be completed by a licensed professional vendor who will collect and analyze samples using an established protocol and scientific method that conforms with the requirements of A.R.S. § 23-493.03. Results of the test will be in accordance with generally prescribed thresholds adopted by the licensed professional collection/testing facilities. Refusal to test shall be grounds for denial of employment or for City employees, grounds for disciplinary action up to and including termination. Any positive test shall be grounds for denial of employment or for City employees, grounds for disciplinary action up to and including termination.

Tested employees shall have the right, on request, to obtain the written test results. Prior to taking final disciplinary action, the City will, at the employee's or applicant's request, give the person an opportunity to explain, in a confidential setting, a positive test result. An employee's or applicant's failure to adequately explain the test result will constitute a

violation of this policy.

The communications the City receives through this testing program that are relevant to test results are confidential and may not be disclosed except to the employees who have a legitimate business reason for knowing the information, the tested individual, or as otherwise authorized in applicable Arizona Revised Statutes. The City shall comply with the provisions of the Arizona Medical Marijuana Act.

1. Types of Testing

- a. Pre-Employment. After a contingent employment offer is made (contingent on the employee testing negative on a drug screen and successfully passing a background verification), but before the candidate begins employment, a limited panel drug screen must be conducted and results received by the Human Resources Department. Applicants who: test positive, refuse to take the test, adulterate, or substitute a specimen provided for testing will have the offer of employment withdrawn.
- b. Reasonable Suspicion. The City as an employer, has an obligation to take steps to ensure the safety of its employees and the general public. Reasonable suspicion drug and alcohol testing may be conducted when one, or more supervisors, when feasible, have observed and documented conduct and/or behaviors that may signal impairment of an employee in the workplace. Reasonable suspicion drug and alcohol testing may be conducted when the City receives information regarding an employee and his/her use of an illegal substance, misuse of prescription medications, and/or the consumption of alcohol during work hours.
- c. Post-Accident. Employees who are in positions that require a CDL are federally mandated to complete drug and alcohol testing when involved in a vehicular accident and: 1. there is a death, or 2. if a citation is issued to the employee under state or local law for a moving traffic violation arising from a work-related motor vehicle accident and when any vehicle requires towing from the accident scene or any involved person requires treatment away from the accident scene.
- d. Follow-Up. Any employee who self-reports alcohol or drug use must test negative for alcohol/drugs and be evaluated and released to duty by the Substance Abuse Professional (SAP) before returning to work. The City will pay for the cost of the test. Once allowed to return to duty, as recommended by the SAP, an employee will be subject to unannounced follow-up alcohol/drug testing for at least 12 but no more than 60 months. The frequency and duration of the follow-up testing will be determined by the SAP.
- e. Return to Duty- Individuals in Safety Sensitive Positions, who have not performed safety sensitive job duties or been subject to a Random drug and alcohol test for a period of 90 consecutive days, must submit to a drug screen prior to resuming safety sensitive job duties.
- f. Random. Employees who are in positions that require a CDL are federally mandated to complete random drug and alcohol testing. Other employees in safety-sensitive

positions are subject to random testing. Random testing will be unannounced and spread reasonably through the calendar year. The selection of employees for random drug and alcohol testing shall be made by a scientifically valid method. Generally, employees not in safety sensitive positions are not subject to random drug screens under this policy.

B. PROHIBITED BEHAVIOR

It is a violation of this policy to:

1. Possess, or store Controlled Substances or other intoxicants, without a valid prescription; or to manufacture, sell, trade, and/or offer for sale any Controlled Substance.

2. Before performing work-related duties, employees must notify their supervisor in writing when the employee is taking any legally prescribed Controlled Substance, or any therapeutic drug or nonprescription drug, which is reasonably anticipated to negatively impact the ability to perform the employee's job duties (a warning label indicating impairment of mental function, motor skills, or judgment, for example). In such case, the employee may be assigned to perform work that can be safely performed while using such medication, placed on paid time off, or placed on another appropriate leave.

D. DEPENDENCE - SELF REPORTING & ASSISTANCE

1. Employees may voluntarily self-identify as being in need of help for alcohol / drug use or abuse. Employees who self-report a dependency issue will be referred for evaluation and rehabilitation. Employees will not be subject to discipline for self-reporting as long as the employee self-reports before any alcohol/drug test is ordered under this policy or any investigation regarding possible violation of this policy by the employee is begun.
2. The City recognizes that alcohol and drug abuse and addiction are treatable illnesses. The City also realizes that early intervention and support improve the success of rehabilitation. To support our employees, the City:
 - a. Encourages employees to seek help if they are concerned that they or their family members may have a drug and/or alcohol problem.
 - b. Encourages employees to utilize the services of qualified professionals in the community to assess the seriousness of suspected drug or alcohol problems and identify appropriate sources of help.

 - d. Offers all employees and their family members assistance with alcohol and drug problems through the Employee Assistance Program. Contact Human Resources for more information about this benefit.

Investigations will be conducted and disciplinary action taken for any instance of threatened or actual violence that occur within the work place jurisdiction of the City of Page.

Employees are prohibited from bringing any articles, substances, or devices classified or typically known as weapons or items harmful to persons or property to the workplace. Employees are also prohibited from possessing weapons, articles or substances which may cause harm to persons or property on their person or in a vehicle while on City property or in the conduct of City business. This prohibition does not include items such as pocket knives and/or tools or similar devices. Employees required by their position with the City of Page to possess weapons while on the job, such as certified law enforcement officers, are excluded from this regulation insofar as it concerns the specific weapon they are authorized by their department to possess and use.

SECTION 15.3

HARASSMENT, DISCRIMINATION AND ACCOMODATION

The City is an equal opportunity employer. All employees and applicants for employment are recruited, evaluated, hired, promoted, transferred, demoted, disciplined, terminated or otherwise dealt with based solely on merit, fitness for duty and such other bona fide occupational qualifications as each individual might possess. No personnel decisions concerning any term or condition of employment will be based upon membership in a protected class, or asserting rights created by law, except where such criteria constitutes a bonafide occupational requirement.

A. UNLAWFUL DISCRIMINATION

1. The City prohibits unlawful discrimination and such will not be tolerated.
2. Federal and state laws define unlawful discrimination as unequal treatment in a term or condition of employment because of one's membership in a protected category. Unlawful discrimination includes sexual harassment and harassment because of membership in a protected group. For purposes of this policy, unlawful discrimination also includes unequal treatment because an employee asserts a lawful right such as use of family medical leave, or military leave. The City is committed to taking all reasonable steps to prevent discrimination and taking necessary steps to stop any discrimination from occurring.

Prohibited harassment is not necessarily limited to the loss of a job or some other economic benefit. Prohibited harassment that impairs an employee's working ability or emotional well-being at work violates this policy and will not be tolerated.

B. UNLAWFUL RETALIATION

If for any reason an employee cannot report discrimination or retaliation to one of these individuals, the employee can report the conduct to the City Attorney.

D. ADA Accommodation

1. Any employee having difficulty performing the essential functions of their position because of physical or mental disability may request a modification or adjustment in the work environment to enable the employee to perform the essential functions of the position; this is known as an accommodation. Essential function

- means a job duty fundamental to the position and can include job functions unique to the position or special skills and abilities unique to the position or person who must fill the position.
2. A request for accommodation should be made to the Human Resource Department.
 3. An undue hardship means significant difficulty or expense, based on a case-by-case assessment of factors such as the nature and cost of the requested/proposed accommodation and the impact of the accommodation on the City.
 4. Employees requesting an accommodation may be required to provide reasonable documentation about the disability and/or functional limitations and in some instances submit to a medical examination to determine the existence of a disability or functional limitation, ability to perform the essential functions of the position, and/or feasibility of accommodating and disability or functional limitation.

Each example states what procedure to follow, which reports need to be completed and who to notify of the accident / injury. An industrial injury by definition is one which arises out of, and in the course of employment or an injury caused by, the action of another directed against the employee because of their employment.
 - i. FATALITIES - The death of an employee as a result of an accident related to employment shall be reported to the Police Department immediately for emergency action and investigation. The immediate supervisor or Department Head shall also immediately notify the City Manager and Risk Manager. This same procedure shall be followed when an accident results in death to a member of the general public that involves City personnel and equipment.
 - ii. SERIOUS INJURY - Emergency procedures

shall be followed including medical treatment and notification. The immediate supervisor or Department Head will notify the City Manager and Risk Manager as soon as possible. The current workplace injury provider is called by the Supervisor and Injured Employee (if the employee is able) to report the injury and receive guidance. These injuries usually warrant treatment and handling by an emergency rescue unit.

- iii. INJURIES REQUIRING PHYSICIAN'S TREATMENT - Ensure that first aid has been provided. If in doubt as to the seriousness of the injury summon emergency medical response. The Supervisor and Injured Employee will call the current workplace injury provider to report the injury and receive medical guidance. The supervisor will ensure the individual is taken to a physical or medical facility without undue delay.
 - iv. MINOR INJURIES - Superficial injuries such as small cuts, bruises, scrapes, etc. may be treated with a first aid kit in the field or work location. Other less severe illness situations are to be handled under normal City sick leave procedures. Supervisors shall determine whether or not the illness is related to exposure to chemicals or other job-related causes. If it is determined to be job-related the Supervisor and Injured Employee will call the workplace injury provider to report the illness and receive medical guidance.
 - vii. INDUSTRIAL CLAIMS - It is the responsibility of the employer to report any accident involving injury no matter how minor, within ten (10) days to the insurance carrier and Industrial Commission on forms prescribed by the Commission.
- b. Regardless of the severity of injury, employees are to report all injuries to their supervisor immediately or as soon as possible after the incident. This is to be done prior to the end of the employee's current shift or day of work. If unable to locate the supervisor, the employee shall

notify the next person in the line of administration. Employees who fail to report injuries may find claims denied for lack of information, improper reporting; or subject to investigation because of the intervening time off work.

 - d. Treatment by a physician is not necessary to validate an Industrial Claim.
 - e. Should employees receive bills for medical treatment and/or prescriptions during the course of treatment that are covered by Workmen's Compensation these should be brought to the attention of the Human Resource/Risk Management Office as soon as possible. Do not ignore bills thinking they will be later covered by insurance as the provider of the services may not have billed insurance.
2. Recurrence of Disability from Previous Injury
- a. If an employee experiences problems because of a previously reported industrial injury, they shall report the situation to the supervisor immediately. The supervisor will verify through the Manager's office the status of the claim. If the claim is still open the employee shall return to the doctor/physician who initially provided the treatment for further care.

C. OVERSIGHT AND ENFORCEMENT

1. Employees representing the City of Page through social media outlets or participating in social media features on City websites must maintain a high level of ethical conduct and professional decorum. Failure to do so is grounds for revoking the privilege to participate in City social media sites, blogs, or other social media features and may result in disciplinary action.
2. Information must be presented following professional standards for good grammar, spelling, brevity, clarity, accuracy, and avoid jargon, obscure terminology, or acronyms.
